Business Analyst, Professional Services

- IT industry
- Fantastic Opportunity - Global Organisation and Vision
- Career Opportunity - Room For Growth

iP3 Systems is a global eCommerce software organisation with business partners and clients in Oceania, Asia, Europe, America and the Middle East. We have a conscientious, fun team and are looking for dedicated candidates who will fit in with our diverse culture. Due to the growth of our business, two positions have become available in the Professional Services Line of Service for an experienced candidate (5+ years).

The successful candidate must possess the following criteria:

- Tertiary qualifications
- Experience with eCommerce and/or Supply Chain solutions
- eProcurement knowledge and/or proven understanding of the order processing life cycle
- Understanding of agile software development practices
- Demonstrated high level of responsibility and accountability
- Professional written and verbal communication skills
- Strong presentation skills
- Demonstrable ability to quickly grasp both written and spoken material
- Strong teamwork and interpersonal skills
- Initiative and pro-active work ethic

The Business Analyst responsibilities shall include:

- Requirements gathering through workshops, research, and client liaison
- Creating detailed business requirements specifications
- Project management
- Product implementation and delivery
- Technical writing, e.g. product manuals & updates
- End-to-end integration and auto-regression testing of our solutions
- Product demonstration
- Presentations
- End-user training
- Analysis of issues and development of recommendations
- Overseas travel if necessary for requirements gathering and/or deployment of our solutions

This position is offered on a permanent full-time basis. Only applicants who are currently Australian or New Zealand Citizens, Permanent Residents or holding the legitimate work permits will be considered. The salary will be commensurate with the applicant's experience and knowledge base.

To apply, please forward a cover letter and CV to: hr@ip3systems.com quoting ref # PSAU1118
